Will Make 1930 a More Prosperous Year for You, by BETTER QUALITY LOWER PRICES BETTER SERVICE THAN EVER BEFORE

UGARDALE closes the most successful year in its history, and we thank you lorit.

You have justified our expectations and our confidence in you. The Sugardale Provision Company was formed by a group of experienced provision. men because they believed the people of this section would appreciate finer, more pure and more dependable means than they had been getting.

Therefore, Sugardale standards were made exacting. Only the finest, young, most tender meats have ever been used. These mests are inspected and reinspected. Ingredients added, such as spices, are imported from the most choice world markets. Recipes are followed exactly. The meat is prepared in kitchens as spotless as your own, and then is carefully wrapped for purity and your convenience.

Finally continuous research and study is conducted to bring to you the linest, newest, tastiest recipes the cooks of the world can produce. To this end Mr. Harry Lavin, our president, has just spent a year and a half in Europe, studying the methods and learning the secrets of the world-famous chels of Germany, France and other continental countries.

These high Sugardale standards have always been lived up to and always will be. The overwhelming preference for Sugardale meats on the part of merchants and housewives proves that you want those high grade products. Our pledge to you is that whenever you buy Sugardale meats you can eat them with confidence - sure they will be the superior product you have come to expect.
